

ABOUT ME:

I am Andenis.

I am from Jamaica.

No longer playing sports as I used to, I considered photography as a hobby. I find it to be interesting and fun to take photographs with my mobile phone as it is readily available and fun to take photos.

MY EXPERIENCE:

I started mobile photography in 2019 and find it to be relaxing and fun. I like taking nature photos, macros and blacks and whites. All photos on this site were taken using mobile photography.

Enjoy!!
